

The [Wisconsin Autism Transition Demonstration \(WAuTD\)](#) project is partnering with the School District of Janesville Transition Talks Tuesdays (TTT). WAuTD is learning from and providing resources for families who have autistic youth 13-26 with more challenging health or social needs who need more support than other young people. TTT is a series of virtual talks on moving from teen to adult life.

Students can and should connect with the Department of Vocational Rehabilitation (DVR) while they are in school. Come and learn how DVR supports students in preparing to work, finding work, and supporting them at work.
